

An In-Depth Look at the Science Model Core Curriculum

A series of ICN sessions is being offered to AEA, district, and school personnel providing assistance in applying the Model Core Curriculum for Iowa's High Schools. This session, the fifth in the series, will feature Shannon C'de Bacca, co-chair, and members of the Science Work Team in describing the Science Model Core Curriculum. The essential skill sets and concepts of this curriculum follow the National Science Education Standards and emphasize life, earth and space, and physical science. These science disciplines are tied together through unifying concepts and Science as Inquiry.

Wednesday, December 20

Origination Site: Grimes State Office Building

1. 8:30 to 10:30 a.m.
and
2. 2:00 to 4:00 p.m.

Friday, January 12

Origination Site: Grimes State Office Building

3. 8:30 to 10:30 a.m.
and
4. 2:00 to 4:00 p.m.

A session will also be videotaped. A copy of the tape will be made available to each AEA. To add your site to one of the above scheduled sessions, please check availability and contact ed.requestsession@iowa.gov. Please include the Node number of your site location. Reservations are not required to attend.
